- Fully-illustrated "Grand Regulation Student Workbook"
- Grand Regulation in 37 Steps DVD set
- Thursday, Friday & Saturday lunch, Saturday dinner
- Transportation between the nearby Drury Inn and PTG Home Office

Grand Action Regulation in 37 Steps will help you polish your skills in grand regulation and ensure that your clients' grand pianos are performing at full potential. Based on curriculum from Yamaha's "The Little Red Schoolhouse," participants will benefit from small group instruction, individual grand pianos and personal feedback. You will learn how to increase action control, even movement, maximize the dynamic range and achieve the fastest speed of repetition available. The course includes detailed demonstration and explanation of the 37 steps method of regulating a grand piano alternating with guided practice on each step. Successful participants will complete a final regulation skills assessment at the end of class.

Take advantage of the special PTG rate at a nearby Drury Inn (free breakfast, evening snacks, internet, parking and more).

For online registration and more information, visit www.ptg.org/37steps.

To register, mail or fax the form below to Piano Technicians Guild, 4444 Forest Avenue, Kansas City, KS 66106, (FAX) 913-432-9986, or call 913-432-9975 to register with a credit card. Your confirmation packet will include a tool list, and transportation and hotel reservation information.
